MEMBERSHIP LEVELS

WHO IS NAHMMA?

An association of people like you

NAHMMA is a nonprofit organization dedicated to reducing hazardous materials entering municipal waste streams from households, businesses, industries, and other sources. NAHMMA's membership is comprised of individuals from government, business, and the environmental community who are committed to pollution prevention, product stewardship, and minimizing the use of hazardous products.

WHY JOIN US?

NAHMMA members enjoy exclusive professional development opportunities and access to new industry contacts

Membership in NAHMMA is open to everyone involved in the reduction and management of hazardous wastes from households and small businesses. Benefits of membership include: an annual national conference, professional development opportunities, and exclusive access to our extensive online archive of webinars and other resources.

WHAT DO WE DO?

NAHMMA is dedicated to reducing hazardous materials entering municipal waste streams from households, businesses, industries, and other entities.

We promote:

- ✓ Hazardous materials collection for reuse and recycling
- ✓ Development and use of non-hazardous products
- ✓ Sound chemical policies and cost-effective management strategies
- ✓ Product stewardship

We work to:

- ✓ Foster education, communication, and information exchange
- ✓ Recognize exemplary people, programs, policies, and practices
- ✓ Provide professional development opportunities
