

# HEARTLAND 2020

DES MOINES, IA  
FEBRUARY 27-28

## JOIN US IN DES MOINES NEXT MONTH!

Our program will include a tour of Metro Waste Authority's Household Hazardous Waste Facility as well as A-Tec Recycling & Goodwill Industries. This year's speakers and training include Becky Andersen speaking on RCRA, an Iowa State representative speaking on their turf fields and the chemical solutions they have, and we are researching the possibility to have a speaker from the IA DOT to speak on the regulations for transportation for RCC's hazardous waste. Every year our annual workshop includes our annual Chapter meeting and loads of fun networking opportunities.

## WHY SPONSOR THE 2020 HEARTLAND CHAPTER WORKSHOP?

Sponsors will be identified through the NAHMMA website, identified in printed program materials, and given the opportunity to share information about services during the program. We invite you to join us for the program activities and especially encourage you to attend our networking dinner.

**Premium brand exposure and company engagement with an important sub-set of the industry**

**Build relationships with buyers, leaders and decision makers**

**Share your experience and expertise with a direct target audience**

**Support NAHMMA on a local level**

## WHO WILL BE THERE?

- Heartland Chapter membership includes Nebraska, Iowa, Kansas and Missouri
- Attendance in previous years has ranged from 15-25 participants
- City, county and state government officials
- Environmental firms and non-profit organizations

**With the generous support of your sponsorship, we will be able to provide the following for our attendees:**

- Lunch for attendees of the training on Thursday, February 27th (15-25 participants)
- Scholarship assistance for member attendees

“WHAT PEOPLE SAY ABOUT NAHMMA EVENTS:

“The trainings, lectures and events were great. This was my first time and I learned a lot from other jurisdictions/states and was able to network. Great experience!”

—2018 Conference Attendee

“This was a great conference, probably my favorite I've been to. The days weren't too long, there weren't too many sessions packed into a day, and the flow was great.”

—2019 Conference Attendee”
