

VIRTUAL 2020

SESSIONS SCHEDULE

NAHMMA'S 35TH ANNUAL
HAZARDOUS MATERIALS MANAGEMENT CONFERENCE
WEEK OF SEPT 21

NOW MORE THAN EVER, YOU NEED NAHMMA'S TAILORED AND TECHNICAL HHW MATERIALS MANAGEMENT CONTENT

The 2020 Virtual NAHMMA conference includes 2 days of live and recorded sessions, and 3 additional days of live training classes.

SCRIPT THE FUTURE WITH OUR 2020 VIRTUAL CONFERENCE

In 2020, NAHMMA is looking at what's next in the world of household hazardous waste and pollution prevention. This year we're taking our conference online and bringing all the great program updates, best practice sharing, and latest in how COVID-19 is changing HHW operations right to you.

This year's annual Hazardous Materials Management Conference will still be the year's largest gathering of HHW industry professionals nationwide and we're excited to connect with you regardless. While nothing is the same as being together, we have been working diligently to ensure that our online experience offers a wealth of relevant content, interesting live discussions, and fun virtual networking opportunities.

WHAT'S ON THIS YEAR'S SCHEDULE?

Live session schedule and pre-recorded sessions listed on the following pages.

HOW DO I REGISTER OR SIGN UP FOR TRAININGS?

Logon to www.nahmma.org/virtual2020 to register, learn about sponsorship opportunities, and read more about this year's event.

“WHAT PEOPLE ARE SAYING ABOUT NAHMMA:

“Great opportunity to learn about other programs and how other programs have overcome similar issues at HHW facilities.”

—2018 Conference Attendee

“I've been in the EH&S field for over 30 years and this was one of the best organized conferences I've ever attended.”

—2019 Conference Attendee
