# Garbage to Garden

57 Industrial Way, Portland, ME

Founded in 2012 and based in Portland, Maine, Garbage to Garden is the curbside compost service that offers urban dwellers, schools and commercial businesses a convenient way to recycle food scraps, including meat, dairy and bones, to be used to renew our local soil. Garbage to Garden is the most successful market-based curbside composting company in the Northeast, servicing over 5,000 household, schools, restaurants, businesses and events throughout Maine and Massachusetts.
